Projects

TravelViz

Inspired by the book *Dear Data*, I collected information during my last trip in Southeast Asia. Now I'm transforming it into beautiful data visualisations.

BCN Itinerari Sub:urbà

We created the first Barcelona metro map which shows the most interesting places of the metropolitan area instead of the stations.

About

I'm Monica, a product designer from Barcelona with a focus in UI and interaction design. Designing simple and beautiful user-centered solutions to solve real problems for people is something that makes me really happy. While I'm not designing I'm learning code, practising German or reading books.

Experience

Senior Product Designer

Stax | February 2016 - 2018 | Melbourne

Solving complex problems at Stax, a startup that's building a tool that helps companies to build better cloud. I owned projects end-to-end while being responsible for the UI and the design system.

UX/UI Designer

N26 | 2015 | Berlin

Designing new features for the mobile and web apps, executing all design stages from wireframing and prototyping, user testing and final hand-off to engineering.

Co-founder + Principal Designer

Holy Hole Studio | 2013 - 2015 | Barcelona

Acquiring clients and working with them on their visual communication needs, providing all kind of digital and print design solutions.

Graphic Designer & Illustrator

Dosplus | 2011 - 2013 | Barcelona

I worked on editorial design and illustration projects.
